

WE ARE HIRING

SOFTWARE ENGINEER - INTERN

JOB SUMMARY:

We are seeking an experienced and innovative Software Engineer to join our Research and Development team. As a Senior Software Engineer, you will play a crucial role in the development and advancement of cutting-edge software applications using a full stack of technologies. You will collaborate with cross-functional teams to design and implement new features and enhancements, pushing the boundaries of technology and driving innovation.

REQUIREMENTS:

- Bachelor's degree in Computer Science or related field.
- Strong knowledge of OOP concepts.
- Familiarity with Java, JSP, Spring Boot.
- Proficiency in frontend technologies: HTML, CSS, JavaScript, React/Angular.
- Familiarity with RESTful API development and integration.
- Strong problem-solving and analytical skills.
- Excellent communication and collaboration skills.
