

A member of the David Pieris Group, Electrozen Global (Private) Limited is in the business of importation, local value addition, assembly and production of ZENOI brand LED televisions, LED bulbs, LED panel lights, electrical & electronic accessories.

FACTORY MANAGER (MADAPATHA)

Responsibilities

- Plan and execute overall factory operations to meet deadlines including optimising resources, identifying areas for improvement and implementing data-driven solutions to boost efficiency and profitability.
- Implement and maintain rigorous Total Quality Management across the entire production process.
- Customer relationship management including timely and accurate order fulfilment to ensure excellent satisfaction levels are maintained throughout.
- Strong supplier relationship management to avoid stockout situations and ensure smooth flow of operations.
- Fulfil regular certification requirements, ensuring compliance with all relevant standards and regulations.
- Navigate the complexities of certification requirements, ensuring compliance with all relevant standards and regulations.

Requirements

- A bachelor's degree, diploma or equivalent qualification in Business Management or equivalent qualification from a recognised university or institution.
- Minimum of 5 years' experience in factory operations. Managerial experience in a similar capacity would be an added advantage.
- Proficiency in MS Office package, with a high level of competency in MS Excel.
- Excellent presentation and communication skills in Sinhala and English.
