- Design and implement custom WordPress themes and plugins to meet project requirements.
- Develop and maintain websites, ensuring functionality, responsiveness, and optimal performance.
- Conduct thorough testing to identify and fix bugs, ensuring a seamless user experience.
- Optimize websites for speed, scalability, and overall performance.
- Develop responsive web interfaces using HTML, CSS, and JavaScript frameworks (e.g., React, Angular, or Vue.js).
- Provide ongoing maintenance, updates, and troubleshooting for existing websites.
- Offer solutions to enhance website functionality and address client concerns.
- Offer technical support to clients, addressing inquiries and resolving issues promptly.
- Stay informed about the latest WordPress updates, security patches, and best practices.

Skills and Qualifications:

- Strong proficiency in PHP, HTML, CSS, JavaScript, and other relevant web development languages.
- Experience with MySQL databases and knowledge of database optimization.
- Proven experience developing custom WordPress themes and plugins.
- Familiarity with the latest WordPress updates, features, and best practices.
- Bachelor's degree in Computer Science, Web Development, or a related field (or equivalent work experience).
- Experience implementing responsive and mobile-friendly designs.
- Ability to troubleshoot and resolve technical issues efficiently.
- Strong problem-solving skills and attention to detail.
- Willingness to learn and implement new tools and methodologies.

Benefits:

- Competitive remuneration and international exposure.
- Flexible work schedule and remote work options.
- Professional development opportunities.

If you are a passionate WordPress/Web Designer who thrives in a collaborative and innovative environment, we encourage you to apply and join our talented team at Quard International.
