

POST OF ASSISTANT MANAGER

Location: Monaragala

Star Agri Businesses Lanka (Pvt) Ltd. is a fast-growing organic fertilizer manufacturing company in Sri Lanka with diversified business activities. Our factory is operational at Monaragala and we have our own organic paddy fields and organic cinnamon plantations at Kotiyagala village.

Job Purpose

To assist the continuous and smooth running of compost manufacturing operation, avoid manufacturing disruption due to machinery breakdown, employee absenteeism, and ensuring targets are being carried out as scheduled.

Requirements

- Degree / Diploma in Business Administration or Business Management.
- Minimum 1 year work experience in a manufacturing environment in a similar capacity.
- Should have strong interpersonal and communication skills with good leadership qualities.
- Effective supervision skills and ability to lead a team.
- Good command of written and spoken Sinhala language with basic knowledge in English.
- Computer literacy.
- Basic knowledge in Electrical would be an added advantage.
- Ability to work long working hours.

Responsibilities

- Planning and organizing compost layering and mixing as per production schedules to achieve daily production targets, whilst maintaining SLSI quality standards.
- Lodging documents and following protocols of SLSI standards and liaising with authorities.
- Guiding and supervising team leaders in order to run day-to-day operations so that the production is run smoothly and in a timely manner.
- Allocating labour and resources (raw materials and equipment) effectively to maximise productivity.
- Working together with the maintenance team to minimize interruption to manufacturing schedules.

An attractive remuneration package can be expected for the right candidate. A detailed resume with a recent passport size photograph to be emailed to info@staragri.lk to reach us within 7 days.

**** Selected candidate will be placed at our site office located at Monaragala**
