

WE ARE HIRING

Internship – Data Analytics

The Role

We are seeking highly motivated and detail-oriented Data Analytics Undergraduates to join our dynamic team. As a Data Analytics Intern, you will have the opportunity to develop analytical skills, and contribute to decision-making processes by providing valuable insights. You will be involved in data collection, cleaning, analysis, and visualization to support business goals.

Skills Required:

- Technical Skills: Proficiency in SQL, Excel, and data visualization tools (Tableau, Power BI, etc.).
- Familiarity with programming languages such as Python or R is required.
- Analytical Skills: Strong ability to analyze complex datasets, identify patterns, and draw meaningful conclusions.
- Communication Skills: Ability to clearly present data findings to non-technical stakeholders, making complex information accessible.
- Attention to Detail: High attention to detail to ensure data accuracy and consistency throughout the analysis process.
- Problem-Solving: Strong critical thinking skills to identify problems and generate practical, data-driven solutions.

This role would match your profile;

- Currently **pursuing** a degree in **Data Science, Computer Science, Statistics, Mathematics** or a related field.
- Previous experience or coursework in data analysis or related areas is a plus.
- Strong problem-solving skills and attention to detail.
- Understanding on Telecommunication industry is preferred.
