

JOIN
THE DYNAMIC TEAM OF
Browns

Browns is one of the largest diversified conglomerates in Sri Lanka, which manages a fast growing and valuable portfolio of brands across several key industry sectors, such as automotive; plantations; leisure; power generation; agriculture; pharmaceuticals; investments; marine and manufacturing. Being in existence for over 150 years, the Company is built upon a strong foundation of strength, driven by a vision and a will to succeed. We are looking for a self-motivated, result-driven individual with a proven track record to join our Browns Group.

Intern – Production Monitoring

Job Purpose

The selected candidate will assist the production team by collecting daily machine output data, preparing performance reports, maintaining documentation, and supporting initiatives to improve overall machine efficiency and productivity.

Key Responsibilities

- Collect and verify daily machine output data from operators and maintain accurate records
- Analyze production performance and prepare daily output reports for each machine
- Monitor machine efficiency and identify operational issues to help reduce downtime
- Support production planning and continuous improvement initiatives through proper documentation and reporting

Qualifications & Skills

- Basic understanding of manufacturing or production operations
- Ability to work with data and prepare accurate reports
- Good knowledge of MS Excel and documentation practices
- Strong attention to detail and analytical skills
- G.C.E. Advanced Level completed or Diploma-level qualification
- Good communication skills and ability to work in a team environment

If you believe your profile matches the role, kindly please forward your CV to us within 7 days of this advertisement.
